**NOTICE OF 2013-2014 ASSESSMENT RATES ON ALFALFA SEED  
FOR ALFALFA SEED PRODUCTION RESEARCH**

**To Producers or Conditioners (Processors) of California Alfalfa Seed:**

The California Department of Food and Agriculture has established the assessment rates for the 2013-2014 marketing season—April 1, 2013, through March 31, 2014—on recommendation of the Alfalfa Seed Production Research Board.

The rate is twenty cents (\$.20) per hundredweight (cwt.) on all alfalfa seed which has been cleaned, or caused to be cleaned, for marketing for any purpose, with ten cents (\$.10) per cwt. on producers and ten cents (\$.10) per cwt. on conditioners (processors). The rate is the same as last year's assessment.

As in previous years, assessment report forms will be mailed periodically from the board office to conditioners for them to calculate, deduct and remit assessment payments for producers and conditioners.

If you have questions regarding the assessment rate, contact Mr. J.D. Allen, Manager of the Alfalfa Seed Production Research Board at (559) 591-4792, or Mr. David Hillis, Research Manager I, at the Marketing Branch.

Sincerely,

Robert Maxie, Chief  
Marketing Branch
