California Salmon Council Notice of Continuation

TO ALL INTERESTED PARTIES:

A Public Hearing on the continuation of the California Salmon Council was held on March 20, 2019. The Council law was made effective in 1989 for the purpose of promoting and expanding the use of California salmon and to negotiate the purchase of rights to take salmon. This is the fifth mandated hearing on the Council's continuation.

Based on our analysis of the testimony and evidence from the hearing, the Department of Food and Agriculture found that there was not a substantial question as to whether the Council has been fulfilling its purposes as outlined in the Council Law and has issued an Departmental Order continuing the California Salmon Council for up to five more years, through March 31, 2024.

For more information regarding the California Salmon Council you may contact David Goldenberg, CEO of the Salmon Council at its office, P.O. Box 2255, Folsom, California, 95763, or by telephone at (916) 933-7050, or either Ben Kardokus or me at the Marketing Branch at (916) 900-5018.

Sincerely,

Robert Maxie, Chief
Marketing Branch
