**CALIFORNIA CLING PEACH BOARD
2020-2021 Assessment Rate
Remains at \$2.90 per Paid Ton**

TO ALL PRODUCERS AND PROCESSORS OF CALIFORNIA CLING PEACHES:

Based on a recommendation of the California Cling Peach Board (Board), the California Department of Food and Agriculture (Department) has established a producer assessment rate of \$2.90 per paid ton for the Board's 2020-2021 fiscal year, being the period beginning June 1, 2020 and continuing through May 31, 2021. This assessment rate remains unchanged from last year's assessment rate. The Board determined the current assessment rate will produce the necessary income to fund the planned activities for the coming year.

As in the past, in order to facilitate the assessment collection process, processors will be required to remit assessments on behalf of their producers. In turn, processors may deduct the assessments paid from amounts owed to their producers. The Board's office will supply processors with all necessary assessment instructions and forms.

If you have questions regarding this assessment, you may call Chris Zanobini, Manager of the California Cling Peach Board, at (916) 441-3865, or you may call Ben Kardokus of the Department's Marketing Branch at 916-900-5018.

Sincerely,

Joe Monson, Branch Chief
Marketing Branch
